## **RECOMMENDATION**

Maiquel Rinco has been with our firm for 8 years. He has been one of our outstanding employees in the IT department managing billing, factoring and IT Projects. He has worked in many IT projects under my management at Potable Water Services, including projects involving fibre optics communications, automatized systems like SCADA, PLC, meters, sensors and many others. I found him to be a very capable IT manager and he really puts his heart and sole in his work to make the company IT operations works smooth.

We are truly sorry to lose him. He has all of the fine qualities you would expect from a good employee. Honestly, I feel that any firm that hires him will be quite fortunate.

Very truly yours,
